## Full Stack Web Developer

### CAREER OBJECTIVE

I'm a Full-Stack Developer with a BA from Jordan University of Science and Technology. My passion for analytical problem-solving has led me to diverse roles, including PC building specialist , data entry , and customer service team leader at DatCart Hardware E-commerce Website. These experiences have equipped me with a solid foundation in technology, customer relations, and data management. Currently, I am expanding my expertise in full-stack development at Orange Coding Academy, focusing on advanced web development skills. I'm eager to leverage my diverse experiences to innovate and make a meaningful impact in the IT field.

### Technical Skills
